Work & Experience

THINKFUL | FULL STACK WEB DEVELOPMENT | SEPT 2018 – MAR 2019

- Created a goal tracking app with full CRUD operations utilizing HTML, CSS, JavaScript, jQuery, REST API, NODE.js, Mocha and Chai.
- Developed a guitar learning app retrieving backend data using AJAX calls.

RESEARCH ASSISTANT | UC DAVIS | JUN 2017 – SEPT 2018

- Improved, maintained and executed research safety rules.
- Assisted 1 post-doc and 4 gradate students in their research projects. Responsibilities include sample/standard preparation and calibration, spectrometry, DNA extractions, POX-C and Qbit.

OFFICE ASSISTANT | UC DAVIS | AUG 2015 – DEC 2015

- Assisted HR and Payroll Coordinator for project funds.
- Analyzed monthly office invoices and supplies.
- Distributed payroll checks to staff, PhD students and student assistants.

EVENT MANAGER ASSISTANT | LIBRARY OF CONGRESS | JUL 2013 – AUG 2013

- Worked closely with Event Manager to plan for STEM events at Washington, D.C.
- Daily tasks including scheduling events, communicating and advertising events.

Education

WEB DEVELOPER
